It is only recently, for example, that various bar associations have admitted women lawyers. This means that thousands of intelligent, well-trained women lack the opportunity to mingle with men who are equally advanced in science, industry and the arts, because of this masculine clannishness. Newspaper men maintain press clubs, but a business club is not a newspaper woman wants to go to a club she usually has to patronize a poorly equipped Y. W. C. A. When he and Mrs. Hughes were finally afforded the opportunity of witnessing the big picture, Mr. Hughes did what few authors of his calibre ever do in the case of a photoplay version—he gave it an absolutely clean bill of health, saying that it filled him with pride to have such a wonderful screen production based upon a story of his. JANES HAVE REGULAR FOE IN ROCKFORD

THE FIGHTING FORCES
JANESVILLE: Thissell, ss; Anderson, ss; Pierce, ss; Gorman, ss; Bonds, 2b; Miller, 2b; Kukulski, cf; Lenzquist, p.
ROCKFORD: Thissell, ss; Anderson, ss; R. Johnson, cf; Lundine, rf; Strombeck, 2b; Norrell, 2b; F. Johnson, 1b; Gustafson, p; W. Johnson, p.

With one of the best games of the season billed, the diamond in ship condition, and the grandstand in another record attendance at the fair grounds tomorrow afternoon when the Lawrence Janes will endeavor to annex their eleventh victory from the Rockford Cardinals, the fastest semi-pro club in the Forest City. Hostilities are due to begin at 3 o'clock.

If the Janes should lose tomorrow it would be no great surprise to fans who saw the Rockford gang in action here June 22, when they were defeated by a score of 1 to 0. Sachs, home run in the fourth inning being the only score of the day. This man, Walter Johnson who leaves for the Cards, while not as good as his namesake in the American league, has just enough stuff on the ball to keep the fight on the firing line the last time the Cards played here, only six hits were garnered off his effective delivery, three of these being made by Sachs. He struck out 11 men in this game while walking but two.

To oppose this speed demon on the firing line, the Janes will again have Sam Langford, who, by the way, has won every game he has pitched for the local club this year. He succeeded in holding the Cards to four scattered hits in the game here while hitting 13 in the field and walking but one. It looks like a pitcher's duel, but the Janes may spill the beans and get to Johnson for a dozen or so hits for they have the bluegum past few weeks. From advance dope it looks as though it is going to be a great game far out-classing the last two games played by the Janes and possibly exciting. Rockford always has been a hatching place for good ball players—Lenquist is from that city—and the Cardinals have seemingly gathered together the best there is down there this year.

If Sachs has his war club swinging good tomorrow, the Janes should win. He was in poor condition last time, but he is in the eighth inning because of a sudden illness. The slugging outfield—Sachs, Kukulski and Viny, will all be on duty tomorrow. This trio of stick-men should be enough to cause any pitcher a lot of worry. The rest of the line-up will be the same as that of last Sunday.

BRINGING UP FATHER

THORPE SLUMPS BUT MANAGES TO HOLD LEAD IN NATIONAL

(BY ASSOCIATED PRESS)
Chicago, Aug. 2.—Jim Thorpe, the Indian outfielder of the Boston Braves, has suffered a slump in hitting, but not enough to cause him to give up his position as leading batter of the National league, according to averages released today. Thorpe is hitting .368, Manager Cravath of Philadelphia continued to be the "number one" in the league with a mark of .363. Zack Wheat, Brooklyn, made the best showing with the willow among the lenders. He batted himself from seventh place, into the top third place with his teammate Myers, with an average of .321.

Benny Kauff, New York, tied Cravath for home run honors, by making his ninth in the game here. Kauff also had a high total in total bases with 155 to his credit and furthermore he displaced Flack, Chicago, as leading home run getter, registering 3 times. Flack, Cincinnati, maintained his lead as a sacrifice hitter with 23. Cuthaw of Pittsburgh passed his teammate Higbee in the number of bases stolen. Cuthaw has pilfered 25 to Higbee's 23.

Other leading batters of 35 or more games: McHenry, St. Louis, .319; Williams, Philadelphia, .317; Ruch, Cincinnati, .316; Burns, New York, .314; Doyle, New York, .311; Kauff, New York, .310; Young, New York, .309; Wingo, Cincinnati, .306; Daubert, Cincinnati, .304.

His hits included 22 doubles, 10 triples and 10 homers. The St. Louis man has taken the stolen base honors from Johnson, of Cleveland, having 22 bases to Johnson's 21.

Rogers, Rockinpaugh, New York, has broken the tie for scoring honors, by pulling away from Sisler, Rockinpaugh counted 68 times to Sisler's 61.

"Babe" Ruth, the big Boston "iron man," who pitched his first base "iron man" in the field, tied Seybold's American league record for home runs by cracking out his sixteenth circuit drive. The big southpaw is out to break the world's major league record for home runs, held by "Buck" Freeman, if possible. Freeman's mark is 25 homers for a season.

Thurs Cobb, a hovering near the top among the batters with a mark of .355, nine points behind Sisler. Vitti, Boston, continued to be the best sacrifice hitter with a mark of 37.

CRIPPLED ALL-STARS TO PLAY AT ARGYLE

With a revamped line-up made necessary by a series of injuries of several players, the All-Stars will invade Argyle tomorrow, leaving Pitch's store at 9 a. m., to cross bats with the fast village team there.

The first of the All-Stars' lightweight boxers will be seen on first in the absence of Marko, who was injured in practice this week while Charlie Pascoe, Iowa county leaguer, will pitch with a bad ankle. Hager and Bick will divide up between the box and third base unless Manager Art Bick succeeds in getting R. Rockford manager, second baseman, to cover first. Although Crowley has a split hand, he is determined to do duty on the receiving end while Whelmsman will cover second with the same three in the outfield—Babcock, Zahn and Wall, the youngster who broke up last Sunday's game with his drive.

They'd Never Get By Here

English fistic fans and fighters are continually boosting their referees. The average English fistic follower thinks more that English referees capable of arriving at a verdict in a glove contest. Perhaps such unwavering confidence is merited, but certainly the Americans would not permit referees the liberties that "third men" in England enjoy.

Eugene Corri refereed the Wilde-Moore contest in London recently. A day or two before the bout Corri wrote a long special story for some of the London papers, in which he compared Wilde and Moore. In part, this one paragraph would cause a panic in America:

"There has been quite a lot of discussion as to whether Wilde or Moore is the American bantam; many people are asking what can be the value of such a match. Wilde may win; we think he will, but if victory does not come his way it will tell us nothing more than that which already know—Wilde is a marvel."

Where in America would the fans permit a referee to break into print before a contest, with such a partisan story? What if the referee, before the Wilde-Pecora fight, made a similar statement about Dempsey or Willard?

English fans, however, are accustomed to this sort of thing. They expect a statement of this nature to be made before the fight, but even the referee is not allowed to make such a statement. In this country such a declaration would result in a new referee being named post-haste.

Eugene Corri is one of Great Britain's best sportsmen. But even the referee is not allowed to make such a statement. In this country such a declaration would result in a new referee being named post-haste.

President Luchsinger, of the Green county fair, of Monroe, which will be held August 19-23, is highly pleased with the result of nominating the Kingdom Hall, Calgary, Earl, Rob Roy, Dan Redgewood, Colleen, The Aim Hollywood, Mack, Peck Direct, Bert K. Power, Patch, Dick Mayburn, Mark Kline, and the other members of the fair, to be the new race track.

They are building a new half mile track at DePere, Wis., and also a new grandstand. The new race track is being built so as to have an open infield. They have made arrangements for larger purses for the races. The new track is being built under the direction of an old race track man.

Hayes watched the hen lay at the Rhodes farm and then issued a statement in which he said he was willing to credit the hen with two eggs for one day, claiming that the boys must have played a joke by putting the others in the nest. Rhodes claims Hayes told him he was satisfied the bird laid all.

VILLA'S ARMY RETIRED DEMORALIZED BEFORE U. S. TROOPS, REPORT

[BY ASSOCIATED PRESS]

El Paso, Texas, Aug. 2.—Francisco Villa's army which advanced on Juarez with the intention of conquering northern Mexico and establishing a rebel government in the north, retired before United States troops badly demoralized and disorganized, say deserters, impressed soldiers who escaped and civilians who saw them at Villa Ahumada.

After two days and nights of intermittent fighting for possession of Juarez, Villa had depleted his ammunition supply. A member of his staff who came to the border after the retirement said many of Villa's men had no ammunition. Only Villa's bodyguard had more than 100 rounds. Soldiers had thrown their rifles away while crossing the desert with the American cavalry in pursuit.

Villa's telegrapher, who escaped from Villa at Villa Ahumada, reported to Mexican officials in Juarez that the rebels were without food, and that their morale was low.

Discussions took place among Villa's men after the Juarez battle. Martin Lopez, who led the fighting in Juarez, is said to have denounced Villa, and accused the latter of deceiving his men into believing the United States government would recognize a Villa revolution and American troops would not molest them when they attacked Juarez.

Another report reaching the border stated Villa selected 2000 picked men from his forces and started south toward Parral, believing that "he could not fight the Americans" and saying he was going back to the mountains. Villa activities in the vicinity of Parral, recently would tend to confirm this report. General Angeles was reported to have separated from his forces and was hiding in the hills near the border.

Villa's army was demoralized. They say one of Villa's tricks is to scatter his forces after a battle and then reassemble them when he is ready to conduct another campaign. Polar de Conchos, on the Conchos river near Parral, is said by Villa's agents here, to be rendezvous for Villa's forces and all of his hands are drifting in that direction.

SEN. FALL CRITICISES WILSON AND LEAGUE

[BY ASSOCIATED PRESS]

Washington, Aug. 2.—President Wilson, the league of nations and the German peace treaty were criticized by Senator Fall of New Mexico, republican member of the foreign relations committee in an address today in the senate.

Urging adherence to the American policy against European entanglements, Senator Fall declared President Wilson was asking the senate to join him in "deadening American patriotism."

The league of nations, Senator Fall said, would create a great super-government, subvert the American government, strike at the power of congress and result in the surrender of American freedom.

Other provisions of the peace treaty were declared by Mr. Fall to exploit weaker races and nations and establish selfish rights.

TRAINED CITIZEN SOLDIERLY MOVEMENT IS INAUGURATED

[BY ASSOCIATED PRESS]

Washington, Aug. 2.—What is intended to be a nation-wide movement in advocacy of universal military service was inaugurated by the Military Training Camps association here last night with a dinner in the New Willard hotel and speeches by Senator James W. Wadsworth of New York, chairman of the senate committee on military affairs; Senator Chamberlain of Oregon; and Representative Julius Kahn of California.

The prepared speeches of Senator Wadsworth, who presided, and of Senator Chamberlain, strongly emphasized the need for a trained citizen soldiery.

It was announced that Senator Chamberlain and Representative Kahn would introduce in congress a bill drawn by Major Thomas Melville, chairman of the committee on universal training of the military training camps association.

The measure is to embody provisions for six months' training in cantonments of all young men at the ages of 18 or 19 years, aliens to become automatically naturalized by the completion of training.

Under this bill the regular army would be a "small professional force" and the national guard would be "restored to its constitutional function" and could not be ordered out of the country without its own consent or that of the state authorities. The national guard would be permitted to take their training in the navy, constituting a naval training force.

Veterans of the great war would be asked temporarily to constitute the reserve so as to transmit to the younger men their experience and training.

CATECHISM OF HATE APPEARS IN MEXICO

[BY ASSOCIATED PRESS]

Mexico City, Aug. 2.—A "Catechism of Hate" was printed in the Deutsche Zeitung von Mexico and revenge was threatened in an article accompanying it on the day when the delegates of the German republic signed the peace treaty at Versailles.

The paper, printed in German, is generally believed to voice the opinions of the Pan-German, irascible element of the German colony in Mexico. Translations in part of the article follow:

"The day of revenge of the German people is not far off. We shall do good to practice patience until the day of revenge has arrived. Revenge must be coldly contemplated. In order to prepare ourselves quietly for it, we need a 'Catechism of Hatred.'"

The "twelve commandments" of the catechism in brief form many of the protests which have been heard from German sources since the terms of the peace treaty became known. They deny that Germany wanted war, assert that Germany was right in invading Belgium, attack England for the blockade of Germany, aver that Germany's armies were never defeated and declare that German honor is insulted by making Germans sign admission to their guilt.

Asked if the sentiments expressed in the article were those of the entire German colony in Mexico, one of the leaders of the German socialist party in Mexico declared that they were held only by the older and wealthier colonists, who dominated both the paper and the colony, but a large part of the colony was willing to accept the verdict of the war and give their support to the new German government and to reconstruction policies.

How About Our Coffee?---Well Have You Tried it?

DO you realize that a single "miss" in your motor imparts a succession of destructive shocks through every part of your power line?

It raps the piston in the missing cylinder—and all the others. It takes a crack at the wrist-pins, jolts the connecting rods and sledgehammers the crank shaft. Clutch and transmission get their slam in turn, and torque rod and universals hurl it on to the differential. And by the time the rear axle has delivered it for final absorption by the tires, as likely as not a second and third "miss" are drumming their destructive tattoo along the same line.

CERTAINLY motors and cars are built well enough to endure a reasonable amount of it—but no mechanism composed of so many joined-together parts can stand a continuous rain of UNNATURAL blows without permanent injury.

And a continuous rain of blows is exactly what poor gasoline inflicts on your car.

In winter, its reluctant starting and intermittent firing are so plainly evident that its use is practically abandoned. But in summer, some of it finds its way into the motors of deluded owners who do not realize that the mischief is still there—the same irregular, incomplete, tardy firing, thinly masked by a little more willingness to start.

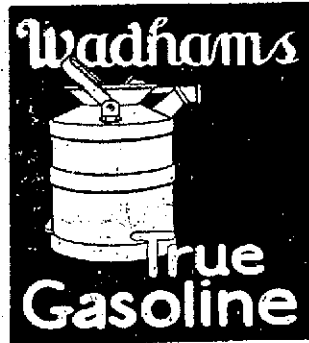

Let no blandishments of low price blind you to these evils. Use only the good old-fashioned straight run

GERMAN HOME GUARDS PUT UNDER CIVIL GUISE

(BY ASSOCIATED PRESS.)
Coblentz, Wednesday, July 30.—The plan of Gustave Noske, the German secretary for military affairs, to retain the home guards throughout Germany by transferring them to the civil authorities and calling the guards "local police reserves" is going into effect, according to information reaching the American area of occupation. In connection with this procedure the German newspapers are carrying advertisements which say that recruits for the home guards no longer are required to take an oath to defend the country against invasion. In American circles it is said that the abolition of this pledge obviously is a result of Noske's new plan, for if some of the guards were bound by such an oath they would clearly be prohibited under the terms of article 177 of the peace treaty.
An American army bulletin commenting on the change of the guard to police reserves, says:
"This is the first confession that such a pledge had been taken by the home guards. It confirms suspicion that the home guards were intended to be a great reserve army and justifies further suspicion of the home guards under their new guise of civil police reserves."
